ALEXANDER USTRA

+598 99 801 267

aleustrsa2004@gmail.com

Montevideo

Nationality: Uruguayan

Date of birth: 10/05/2004

Front-End Web Developer with solid knowledge in React, Bootstrap, TypeScript, and CSS. I have been developing web applications for 2 years, working on personal projects that demonstrate my ability to create clean, efficient, and user-friendly designs.
I consider myself a perfectionist and competitive, driven by the constant desire to overcome challenges and achieve excellence in everything I undertake.
